No shunting movements between the terminals at Maasvlakte are possible during the above period (yellow).

.../2

The train which leaves Rotterdam on Sunday, 25.08.2024 at 10:57 hrs already departs on Saturday, 24.08.2024 at 20:27 hrs. This results in a very short slot at the RWG with very reduced number of handlings. Should there be further reductions in the number of handlings at RWG, there is a possibility that we will have to cancel the terminal call at RWG.

We kindly ask you to take these cancellations into account in your planning.

If you have any questions, please do not hesitate to contact our staff.

Due to the above-mentioned circumstances, it is possible that we will not be able to fully guarantee the high level of punctuality of our train services that you are accustomed to. However, we can guarantee that we will use all our possibilities to handle your container transports in the best possible way.

We will of course inform you as soon as possible of any changes.

Kind regards,

Optimodal Nederland B.V.
