

Rotterdam, 05.12.2022

Closure terminal access EMX

Dear Customer,

We received the information from EMX that on 13.12.2022 in the time from 08:00hrs - 11:00hrs the access of the terminal for trains is closed and we can not be dispatched.

We have tried to switch our slots with EMX and ECT. Unfortunately, due to the ongoing crane problems, ECT has no possibility to make this switch or to extend the current slot.

Due to this we unfortunately have to cancel the following train departures:

TRAIN Rotterdam-Neuss-Rotterdam			
Rotterdam-Neuss		Neuss-Rotterdam	
Date		Date	
13.12.2022	15:07 hrs	12.12.2022	17:00 hrs

We kindly ask you to consider these changes in your disposition.

Thank you for your understanding in advance.

With kind regards,

Optimodal Nederland B.V.
