## Rail-Schedule regarding construction work Emmerich-Oberhausen line & blockage harbour line

Dear customer,

Due to construction work on the Emmerich-Oberhausen line from Monday, 26.06.2023 until Friday, 30.06.2023  
and the blockage of the harbour line from Saturday, 01.07.2023 until Monday, 03.07.2023

you will find as follows our rail schedule (changes: highlighted in red) for your planning.

All trains will be rerouted via Venlo. Due to this rerouting, there will likely be delays in departures and arrivals in Rotterdam. This in turn will lead to shorter slot times and a reduction in the number of hubs agreed with the seaport terminals.

RAIL-departure Rotterdam-Neuss IMPORT			RAIL-departure Neuss-Rotterdam EXPORT

Please consider the cancellations and the changed departure and arrival times in your planning.

If the number of hubs at the seaport terminals is actually further reduced, the possibility exists that we may have to cancel additional connections or terminal appointments.

Due to the above circumstances, we may not be able to fully guarantee the high and reliable punctuality of our train services to which you are accustomed. However, we can guarantee you that we will use all our possibilities to handle your container shipments in the best possible way.

We will of course inform you of any changes as soon as possible and thank you in advance for your understanding.

Kind regards,

Optimodal Nederland B.V.
