Construction work Emmerich-Oberhausen route week 26

Dear customer,

Due to construction work between Oberhausen-Emmerich

from Monday, 22.06.2020, 5:00 hrs. to Monday, 29.06.2020, 5:00 hrs.

this path is only a one-way direction and therefore most of the trains will be re-routed via Venlo.

This re-routing will lead an estimated delay of arrival of 150 minutes as well as to shorter slot times and a reduction of the agreed moves with the seaport terminals.

Therefore following trains must be cancelled:

Neuss – Rotterdam 24.06.2020, 17:00 hrs.

Rotterdam – Neuss 25.06.2020, 15:56 hrs.

Due to the above-mentioned circumstances, it is quite possible that we will not be able to guarantee you the usual reliable service quality without restrictions.

However, we can guarantee that we will use all our possibilities to handle your container transports in the best possible way.

We thank you in advance for your understanding.

Optimodal Nederland B.V.
