Construction work Emmerich – Oberhausen & Easter schedule

Dear customer,

We would like to inform you that due to construction work, the Emmerich-Oberhausen line will only be passable on one track

from Friday, 26.03.2021, 21:00 hrs to Friday, 09.04.2021, 21:00 hrs

As you surely know, the train connection we offer is thus also affected.

Various trains will be rerouted via Venlo. Due to this detour, there will probably be a delay in arrival of 150 minutes in Rotterdam. This will result in shorter slot times and a reduction in the number of moves agreed with the seaport terminals.

In addition, there are the Easter holidays Friday, 02.04.2021, Sunday, 04.04.2021 and Monday, 05.04.2021.

Due to the track closure and the Easter holidays, our train schedule is as follows:

Should there actually be further reductions in the number of moves at the seaport terminals, it is possible that we will be forced to suspend individual connections.

Due to the above-mentioned circumstances, it is possible that we will not be able to guarantee the usual high reliable punctuality of our train service. However, we can guarantee that we will use all our possibilities to handle your container transports in the best possible way.

Of course, we will inform you as soon as possible about changes of any kind.

We thank you in advance for your understanding and wish you happy easter.

With kind regards,

Optimodal Nederland B.V.
