

Rotterdam, 02.09.2024

Water level | low water surcharge (LWS)

Dear customer,

We are informing you that the water level at Duisburg-Ruhrort is showing a trend towards the level under which our LWS will be applicable. Please refer to the water level indicator www.elwis.de.

Today at 5:00 hrs the level was 2.75 m. The forecast for Tuesday, 03.09.2024 reads 2.70 m, which is scale 1 (2.70 m to 2.51 m) of our LWS-table. We therefore remind you that the water levels prevailing at 5:00 hrs at the day of loading of the barges are decisive for the proper LWS-amount that we will be invoiced by us. It is therefore expected that bookings for barges as from 03.09.2024 will be subjected to the LWS-system.

We will keep you informed during the LWS-situation of any further changes on a daily basis.

Thank you very much for your understanding.
