New toll rates from 01.12.2023

Dear Ladies and Gentlemen,

As you should know from the press- and media releases the resolution passed by the German Bundesrat, the route-related motorway toll for heavy goods trucks with a permissible gross weight of 7.5 tons or more will come into force in Germany on 01.12.2023.

The basic tariff will be raised from 0.194 € to 0.348 € and therefore we have to increase our tariffs from 01.12.2023 by 3.00 € per 10 KM zone. That means our trucking zones will be increased as follows:

Trucking Zone	Increase
≤ 10 km	+3.00 €
≤ 20 km	+6.00 €
≤ 30 km	+9.00 €
≤ 40 km	+12.00 €
≤ 50 km	+15.00 €
≤ 60 km	+18.00 €
≤ 70 km	+21.00 €
≤ 80 km	+24.00 €
≤ 90 km	+27.00 €
≤ 100 km	+30.00 €
Etc.	Etc.
