“Optiwood” says hello

Hello and good day friends and partners of Optimodal Nederland B.V,

We are very proud to inform you, that we can publish our new image video. This kind of movie isn't a typical image video - this should be a tribute to our earth.

The movie will be more impressive on a big screen and with Dolby-surround, too😊. Same technic as our last 2 movies.

A significant part of the storyboard is based on our own ideas.

Many thanks to our professional partner Foresthouse Media, Mr. Christian Clever, who made an important contribution to the film with additional great ideas.

Also, the editing was realized by Christian with a lot of patience.

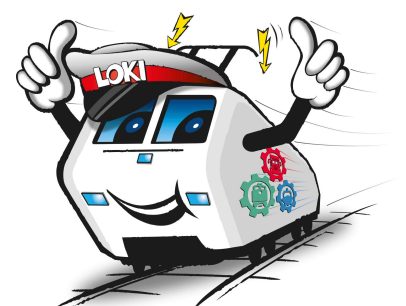

Great work dear Christian and thank you for your help and support.

Thank you very much for your interest.

Best regards,

Your Optimodal-Team
