Rail connection Neuss – PSA 913, Antwerp

Dear partners,

Optimodal despite the corona crisis with all its strength.

We are very pleased to inform you that Optimodal will add a new train product to its already good service offering.

In close cooperation with our partner DB Cargo, we will connect the Neuss location with the PSA Terminal 913 in Antwerp twice a week from Wednesday, 09.09.2020 with our usual reliable train connection. Of course, there is also the possibility to serve the shed 869 by road. However, the associated shunting costs amounts of 145.00 € per container.

We are therefore now adding a rail connection to the right bank in Antwerp to our barge schedule.

Our expert team is at your side, as usual motivated, and will ensure that your containers are transported on time.

We are very pleased about your interest and the numerous transport bookings.

Kind regards,

Optimodal Nederland B.V.
