## Update 3 - Heavy weather conditions

Dear Customer,

Due to the continuing strong winds in the Netherlands, the terminals in Rotterdam do not expect to open before Wednesday, 12.02.2020.

As of now, the seaport terminals hope to slowly resume operations tomorrow between 04:00 and 07:00 hrs.

Due to the ongoing closure of the terminals we will have neither today nor tomorrow a departure from Neuss to Rotterdam. We hope that first departure ex Rotterdam will take place tomorrow in the afternoon. That depends, of course, on how quickly the terminals can work off the existing backlog.

Please be aware that we are doing our utmost to minimize the impact on your cargo and ask for your understanding in this case is "force majeure".

In case you have questions to specific containers/bookings please do not hesitate to contact our Customer Service directly.

We will keep you posted as soon we have more information available for you.

Sorry for any possible inconvenience caused by the weather situation.
